## **A Word Of Caution!**

Our Android App for BitCoin Mining i.e. CryptoMiner PRO® has become very popular in a really short time. Only we at <https://cryptominerapp.com> or those agents whose information is available at our official page: <https://cryptominerapp.com/authorized-resellers> are authorized to sell this app. But, some people are selling CryptoMiner PRO® online in an illegal manner. They claim that they are authorized/appointed by us to sell the app. To check, whether someone is authorized by us or not, simply visit at <https://cryptominerapp.com/authorized-resellers> If you find details of that person on our official page, then he/she is authorized reseller of our app, else not. Never pay money to ANYONE who is not authorized by us and whose details are not mentioned on our official page. Again, to check the persons authorized by us, please visit our official page here: <https://cryptominerapp.com/authorized-resellers> . If anyone claims to be our authorized reseller/agent/customer care representative but his/her name is NOT mentioned at this page: <https://cryptominerapp.com/authorized-resellers> then that person is probably a scammer. Do NOT pay any money to that person, because you are at the risk of losing your money.

This PDF file is '*Product Manual*' of CryptoMiner PRO<sup>®</sup> and it will give you information about the app and how you can make money through it. CryptoMiner PRO<sup>®</sup> is the 'flagship product' of *Stellar Technologies, Texas, USA* and has been launched by our company to give you the power to mine BitCoins from your Android Phone. Let's know what CryptoMiner PRO<sup>®</sup> is and **how it can change your life!**

[Click here to watch a video](#) and see CryptoMiner Pro<sup>®</sup> in action. You will definitely be amazed to see how quickly you can earn money through this Amazing App!

## What is CryptoMiner PRO<sup>®</sup>?

CryptoMiner PRO<sup>®</sup> is an Android App which is developed with latest mining engine AST 5.40 and is collaborated with cutting edge algorithms like SHA-256, Scrypt, X11 and Ripple. The servers through which the data is processed use best *Multi-threaded Chips* along with ASIC machines in pair of *Eight (4x2)*.

This combination of most powerful engines, software, algorithm and servers gives power and ability to the user to mine BitCoins through Android Phone.

**This is seriously a life-changing product!**

## **How CryptoMiner PRO<sup>®</sup> works?**

Just like any other App, you can download CryptoMiner PRO<sup>®</sup> on your Android Phone by visiting our website <https://cryptominerapp.com> After downloading and installing this App, simply click “*Start Mining*” button on the App and it will start mining BitCoins for you immediately on your Android Phone.

## **Benefits of using CryptoMiner PRO<sup>®</sup>**

- X** NO technical knowledge required
- X** NO mining knowledge required
- X** NO coding or programming knowledge required
- X** NO any other skills required

You need no technical, programming, coding or mining skills in order to mine BitCoins from your phone. It works in the background silently along-with other Apps without disturbing any other app.

## How to download CryptoMiner PRO® ?

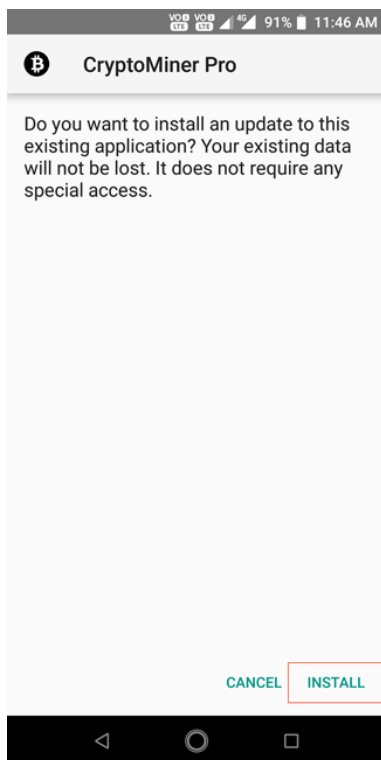

To download CryptoMiner PRO® simply visit our website <https://cryptominerapp.com> and follow the instructions given there. After following the instructions, you can download the app immediately on your phone.

Like any other Android App, CryptoMiner PRO® can easily be downloaded and run on your Android Phone (*just like any other app*).

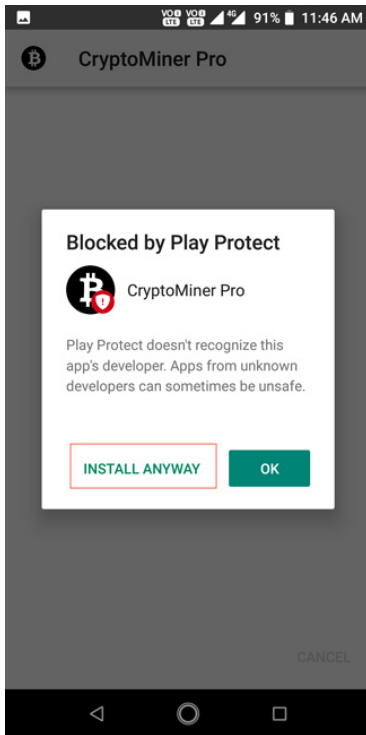

## How to Install CryptoMiner PRO® ?

Installing CryptoMiner PRO® is very simple and you need to do nothing special to install it. After downloading it on your phone, simply run it and you will see the following window.

Click '**Install**' and application will start installing.

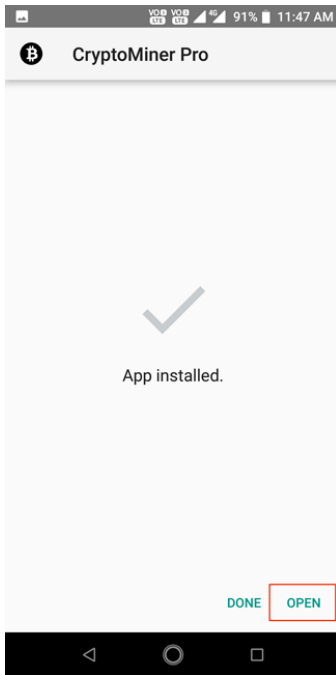

This will give you a warning message because the App is not downloaded from Play Store. Simply click **'Install Anyway'**.

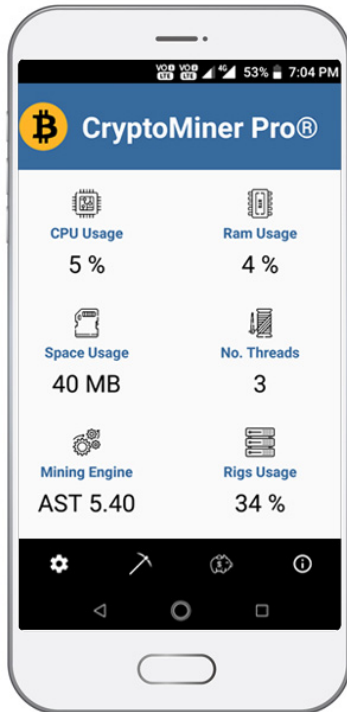

On the next screen, if asked to 'Send App for Scanning'. Click **'DON'T SEND'**, else app will close immediately.

After doing all these steps you will see the following screen on your mobile phone. Click 'Open' and it will Open CryptoMiner PRO<sup>®</sup> on your Android Phone. (see next screen)

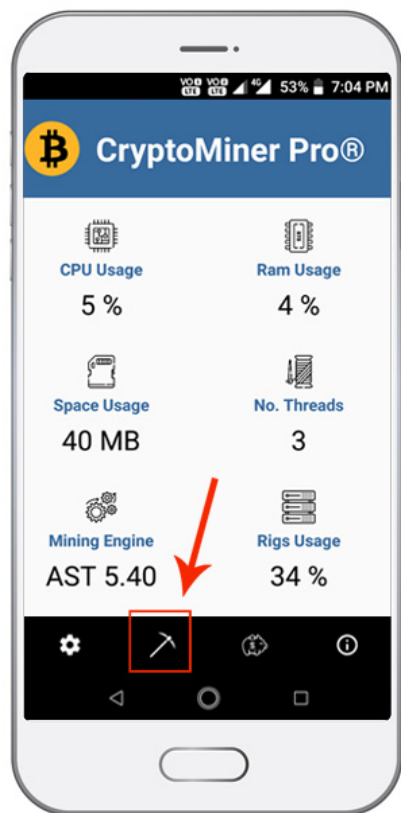

The very first window will show you the settings the App has selected for you like Engine in use, No. of threads, Rigs usage, CPU and RAM usage etc.

To start mining 'BitCoins' from your Android Phone, click on the 'Mining' icon provided just at the bottom of the App. As soon as you

click on that icon, CryptoMiner PRO<sup>®</sup> will start mining BitCoins for you.

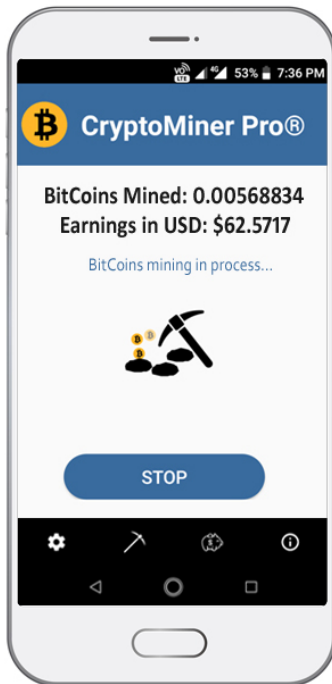

## How much Can I earn with CryptoMiner?

CryptoMiner PRO<sup>®</sup> has the ability to mine 2 BitCoins (around \$22000 worth) in one year so at an average you can earn around \$70-\$80 worth of BitCoins every day! In case, your phone resources and internet connection is slow, then the amount of BTC mined may vary. But even on a slower and low configuration phone, one can expect to have \$30-\$40 worth of BitCoins Every Day!

We are continuously improving the app and we give regular updates. With further development, advancement of technology and regular updates, you will easily reach at \$100/day within next few weeks, but only if you start TODAY!

After clicking on 'BitCoin Mining' icon you will see that the App has started mining the BitCoins. Within few hours, it will mine considerable amount of BitCoins and will show you the exact amount of BitCoins mined in 'BTC' as well as their worth in 'USD' so that you can check your real earnings through BitCoin mining.

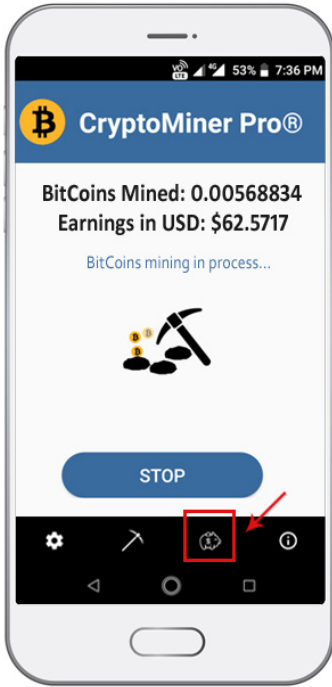

## Can I withdraw my earnings to my BitCoin Wallet?

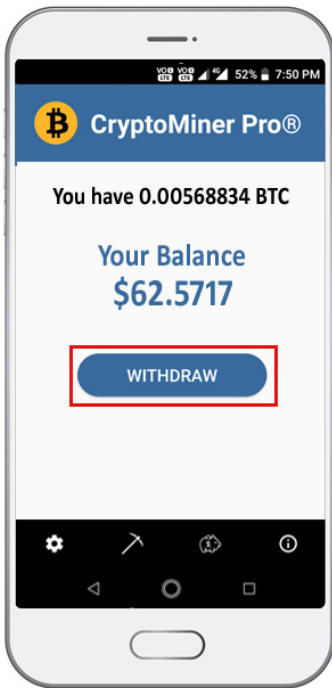

**Yes, Of course! Definitely you can!**

You can withdraw your BitCoins to any BitCoins Wallet of your choice. It can be Blockchain, Coinbase, Trust Wallet, Trezor, Luno, Edge, PaxFul or any other wallet.

You can easily transfer your earnings to your BitCoin wallet. To do this, simply click on 'Withdraw' icon (*piggy box icon*) on the App as shown below.

On the next window, before your withdraw, it will show your total earnings in BTC and USD both so that you can decide how much money is available for withdrawal. Click 'Withdraw' again to start processing withdrawal.

On the next window, it will ask where to send the money. Simply enter your BTC address and the amount that you want to withdraw and click 'Withdraw' button.

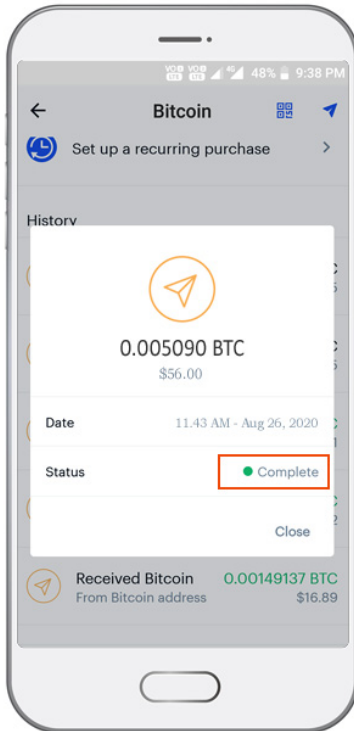

### **IMPORTANT !**

CryptoMiner PRO® doesn't charge any fee for withdrawal, but the transfer fee is charged by the different wallet networks like Blockchain or Coinbase etc. In that case, CryptoMiner PRO® will deduct the network fee from your CryptoMiner Balance so that you get full amount at the other end.

The Full Amount is withdrawn to your Wallet (network fee is automatically deducted from your Cryptominer PRO App account at the time of withdrawal).

See withdrawal proof on next page...!

**Congratulations!** You mined BitCoins and successfully transferred the amount from CryptoMiner PRO<sup>®</sup> to your BitCoin wallet!

**CryptoMiner Pro<sup>®</sup> is not just an App, it is a Money Making Machine!**

**How Much is CryptoMiner PRO<sup>®</sup> and How Can I get it Immediately?**

We could easily charge from \$1500 to \$2000 for CryptoMiner PRO<sup>®</sup> because it gives you a regular income of \$70-\$80 a day, but we want to make our app popular and gain biggest market share. It can be achieved only by making this App affordable for all. So, we have kept the price very low. The price of this App is just \$490 but WAIT...! Even at \$490 this app is simply a steal and no-brainer, but still we are giving a “Very Special” and “Limited Time” deal to all of our users and you will not believe it! As we said that we want to make our app popular and make this app available on every android phone so we

are giving a 'Very HUGE' discount offer on CryptoMiner PRO<sup>®</sup> and trust us that it is strictly for 'Limited Period' only. You won't believe but for a 'Limited Period' **we are offering 90% OFF on CryptoMiner PRO<sup>®</sup>** and giving it away **for just \$49**
